### SDOT Project Summary

---

SDOT approves project

- Yes
- Yes, with revisions
- No

Comments: The pedestrian volumes do not warrant marking a crosswalk at this location. SDOT recommends marking striped barrier areas on the approaching and departing sides of the intersection to narrow the area intended for vehicle travel on NW 65<sup>th</sup> St and give better sightlines while shortening the effective crossing distance across NW 65<sup>th</sup> St for pedestrians.

There is an opportunity to partner with another program:

- Yes
- No

Partnering Program:

**Total Project Cost: \$ 28,000**

**Solution and Comments:**

This review has been completed for use in the 2019 Your Voice, Your Choice: Parks & Streets process.

Mark barrier areas to provide buffer space for pedestrians to narrow travel area and add no parking signs as well.
